

American Legion Auxiliary
Department of California
Poppy Program
August Bulletin 2023

Hello Members

Welcome to the 2023-2024 American Legion Auxiliary year. Department President Glenda Schultz's theme is "California - the Golden State, United As One".

Getting down to business, please remember to submit your Poppy order **by** October 1st. Please feel free to submit it earlier. October 1st is the deadline. Please also remember if your order is not submitted by October 31st, your Unit will be assessed \$30.00 for 100 poppies. The updated order forms are on the Department website. Please send a copy to the Department office and one to me.

The Poppy program will be known as the "Department of Forest Services". Please spread the word to all Poppy Chairmen so they can get the forests in their part of the state blooming with our beautiful poppies.

More information will be coming out shortly, so please be sure to check the website regularly. If you see something I should update, please do not hesitate to let me know.

Serving our Veterans, United As One~

Robin
