Bulletin 10
April 2024

Ok, all you Gold Miners!
Can you say the West is The Best!!
The Western Division is in 1st place 91.54%.

California is 5th place in the Western Division at 91.10%.

- We did make the 85% by March 15 – **EUREKA!**
- 110 Units made 85% by March 15, 2024.
- 67 Units are at 95%, 52 Units have reached 100% and 44 Units have reached 100%+2.

National's next goal is May 24.

- How can that be when close of books for *California* is May 13? It is because California has their convention in June before National.
- We want to reach 100%! It would be GREAT if we reached 100% by close of books. **WE are so close.** We need 1,638 more members to reach goal. **WE can do it!**

California has decided to extend its 100% goal to June 19. We want to give each Unit the opportunity to reach 100% and get their citations for excellence from National and Department.

Golden Nugget

The question I have been asked this week is:

If the members have not renewed, what can we do?

I truly think that we have lost the personal touch. We email, text, and write letters, but do we talk to each other? Call your members on the phone, let them know you care. Ask them why they have not renewed. **It is crunch time:**

Quick Reminder

Unit End-of Year reports are **DUE** to District by April 12.

District End-of- Year Reports are **DUE** to the Department by May 1 2024.

All forms are on the web page. Make sure you have made your reservations for convention. I am looking forward to seeing all my Gold Miners in Visalia.
