

Happy May-

First let me start by wishing all my auxiliary sisters, with children, a very Happy Mother's Day. This chairman hopes everyone spends time with family and friends. Hopefully, we all take a moment to think of Gold Star and Blue Star families as well.

A huge appreciation to all the districts that sent in their End of Year reports. Personally, I am blown away by the hours of dedication that our auxiliary members dedicate to Children and Youth. The many supplemental reports I have received are truly touching and show the magnitude of effort and resources we use to better the lives of military children and children in our communities.

Thank you to everyone that celebrated April 15th Purple up for military kids. The social media posts were incredible, and this department was very well represented.

Yours in Service- Not Self
